SLE/ICPN/2018/034: International Consultant, for End of Programme Evaluation of the YEEP.

1. BACKGROUND

UNDP is supporting the Ministry of Youth Affairs (MOYA) and National Youth Commission (NAYCOM) to empower the youth to develop their potential, creativity and skills for national development through the Youth Employment and Empowerment Programme (YEEP). The Youth Employment and Empowerment Programme (YEEP) was designed to strengthen national policy, strategy and coordination frameworks for youth employment; Establish, on a national basis, basic support services for youth including business development support, youth career advice, and graduate internships all geared towards increasing youth employability. The YEEP is also part of UNDP's package designed to assist the Government of Sierra Leone to target development investments to the youth sector as a strategy to achieve the Millennium Development Goals (MDGs) (now the Sustainable Development Goals(SDGs)).

This support is done through; provision of rapid employment opportunities and income generating activities for young people; strengthening the capacity of the Ministry of Youth Affairs and National Youth Commission; promotion and of the participation of young people in decision making processes and the development of youth interest initiatives. Strengthening the youth development initiatives coordination system of MOYA and NAYCOM, is aimed at bringing better coordination, oversight and strategic leadership role of the national institutions. The Youth Employment and Empowerment Programme is part of the UNDP 'Inclusive Growth and Sustainable Development' Cluster and the Country Programme Document (CPD 2015-2018).

In 2012, building on successful experience and lessons learned, UNDP has moved towards a market-based approach that assists youth businesses in a systemic manner. With the establishment of NAYCOM, UNDP designed an innovative scheme to provide young entrepreneurs with a broad range of business development support services. Five Business Support Centres (BSCs) were opened in main urban centres including Freetown, Newton, Bo, Makeni and Kenema, which each provide direct assistance to over 200 entrepreneurs per year. UNDP is also supporting the Graduate Internship Programme (GIP), Career Advisory and Placement Services - CAPS (in tertiary institutions), small agribusiness projects and supported Quick Win Projects in Kono.

UNDP is planning to develop a new Programme Document for the next phase of its Youth Programme for the next three to five years. To successfully implement the new initiatives, the evaluation of past projects and identification of best practices and lessons learned are crucial. In spite of many youth employment and empowerment projects using a variety of approaches, the youth employment and empowerment sector is almost devoid of accurate and reliable data or analysis on the impact on employment and empowerment of these projects. As a result, many of the interventions within the youth sector are based on estimates and anecdotal information. Uninformed and nonstrategic interventions impact negatively on the development of the sector. UNDP and NAYCOM, therefore, will conduct a review of the employment-impact of youth employment approaches used in projects in the last six years. This will provide valuable information as part of UNDP's support to the identification of best practices.

UNDP and NAYCOM are therefore seeking the services of a National consultant to work with an International Consultant to undertake a Final Impact Evaluation Consultancy of the Youth Employment

and Empowerment Programme for the period 2013 - 2018.

2. DUTIES AND RESPONSIBILITIES

Objective and strategy of the Programme "Youth Employment and Empowerment Programme (YEEP)" -2013 and 2018

The main objective of the YEEP over 2013 and 2018 was the expansion of the size and outreach of the existing scheme to continue to support the creation and growth of sustainable enterprises leading to increased employment opportunities for young people. The Programme strategy is Youth Employment and Empowerment building on the groundwork done by the previous project. Private sector development, PPPs in essential services delivery and focusing on Green Jobs remains at the core of the programme.

The Programme strategy was to contribute to National Strategy Pillar 4: Competitiveness: Comparative Advantage, rebranding opportunities and Pillar 5: Employment and Social Protection; the Joint Vision Cluster 7: Economic Development and Employment- Goal: To improve the enabling environment for investment and employment creation; and UNDP's CPD *Goal 1. Achieving the MDGs and reducing human poverty*

3. 0 Purpose of the Evaluation

The Project has been implemented for six years (January 2013 ending December 2018). This end of project Impact Evaluation focuses on the entire implementation period. The evaluation is forward looking and will capture effectively lessons learnt and provide information on the nature, extent and where possible, the potential impact and sustainability of the YEEP. The evaluation will assess the project design, scope, implementation status and the capacity to achieve the project objectives. It will collate and analyze lessons learnt, challenges faced and best practices obtained during implementation which will inform the programming strategy in the next programming phase 2019 - 2024 in response to the New Country Development Strategic priorities. The emphasis on learning lessons speaks to the issue of understanding what has and what has not worked as a guide for future planning. It will assess the performance of the project against planned results. The evaluation will assess the preliminary indications of potential impact and sustainability of results including the contribution to capacity development and achievement of sustainable development goals. The results of the evaluation will draw lessons that will inform the key stakeholders of this evaluation who are the Government of Sierra Leone through the Ministry of Youth Affairs (MOYA), the National Youth Commission (NAYCOM) and UNDP. End of Programme Evaluation

Youth Employment and Empowerment Programme (YEEP)

Position	International Consultant for End of Programme Evaluation of the YEEP
Location	Freetown and Target Districts
Type of Contract	Individual Contract
Duration	25 days
Start Date	Oct 15 – Nov 16 2018
Responsible Programme	YEEP

1.0 Introduction and Background

UNDP is supporting the Ministry of Youth Affairs (MOYA) and National Youth Commission (NAYCOM) to empower the youth to develop their potential, creativity and skills for national development through the Youth Employment and Empowerment Programme (YEEP). The Programme was designed to strengthen national policy, strategy and coordination frameworks for youth employment; Establish, on a national basis, basic support services for youth including business development support, youth career advice, and graduate internships all geared towards increasing youth employability. The YEEP is also part of UNDP's package designed to assist the Government of Sierra Leone to target development investments to the youth sector as a strategy to achieve the Millennium Development Goals (MDGs) (now the Sustainable Development Goals(SDGs)).

This support is done through; provision of rapid employment opportunities and income generating activities for young people; strengthening the capacity of the Ministry of Youth Affairs and National Youth Commission; promotion and of the participation of young people in decision making processes and the development of youth interest initiatives. Strengthening the youth development initiatives coordination system of MOYA and NAYCOM, is aimed at bringing better coordination, oversight and strategic leadership role of the national institutions. The Youth Employment and Empowerment Programme is part of the UNDP 'Inclusive Growth and Sustainable Development' Cluster and the Country Programme Document (CPD 2015-2018).

In 2012, building on successful experience and lessons learned, UNDP has moved towards a market-based approach that assists youth businesses in a systemic manner. With the establishment of NAYCOM, UNDP designed an innovative scheme to provide young entrepreneurs with a broad range

of business development support services. Five Business Support Centres (BSCs) were opened in main urban centres including Freetown, Newton, Bo, Makeni and Kenema, which each provide direct assistance to over 200 entrepreneurs per year. UNDP is also supporting the Graduate Internship Programme (GIP), Career Advisory and Placement Services - CAPS (in tertiary institutions), small agribusiness projects and supported Quick Win Projects in Kono.

UNDP is planning to develop a new Programme Document for the next phase of its Youth Programme for the next three to five years. To successfully implement the new initiatives, the evaluation of past projects and identification of best practices and lessons learned are crucial. In spite of many youth employment and empowerment projects using a variety of approaches, the youth employment and empowerment sector is almost devoid of accurate and reliable data or analysis on the impact on employment and empowerment of these projects. As a result, many of the interventions within the youth sector are based on estimates and anecdotal information. Uninformed and nonstrategic interventions impact negatively on the development of the sector. UNDP and NAYCOM, therefore, will conduct a review of the employment-impact of youth employment approaches used in projects in the last six years. This will provide valuable information as part of UNDP's support to the identification of best practices.

UNDP and NAYCOM are therefore seeking the services of an International Consultant to work in collaboration with a National Consultant to undertake an End of Programme Evaluation Consultancy of the Youth Employment and Empowerment Programme for the period 2013 - 2018. The International Consultant will be the lead Consultant.

2.0 Objective and strategy of the Programme "Youth Employment and Empowerment Programme (YEPP)" -2013 and 2018

The main objective of the YEPP over 2013 and 2018 was the expansion of the size and outreach of the existing scheme to continue to support the creation and growth of sustainable enterprises leading to increased employment opportunities for young people. The Programme strategy is Youth Employment and Empowerment building on the groundwork done by the previous project. Private sector development, Public Private Partnerships (PPPs) in essential services delivery and focusing on Green Jobs remains at the core of the programme.

The Programme strategy was to contribute to National Strategy Pillar 4: Competitiveness: Comparative Advantage, rebranding opportunities and Pillar 5: Employment and Social Protection; the Joint Vision Cluster 7: Economic Development and Employment- Goal: To improve the enabling environment for investment and employment creation; and UNDP's CPD *Goal 1. Achieving the MDGs and reducing human poverty*

3.0 Purpose of the Evaluation

The Project has been implemented for six years (January 2013 ending December 2018). This end of Programme Evaluation focuses on the entire implementation period. The evaluation is forward looking and will capture effectively lessons learnt and provide information on the nature, extent and where possible, the potential impact and sustainability of the YEPP. The evaluation will assess the project design, scope, implementation status and the capacity to achieve the project objectives. It will collate and analyze lessons learnt, challenges faced and best practices obtained during implementation which will inform the programming strategy in the next programming phase 2019 - 2024 in response to the New Country Development Strategic priorities. The emphasis on learning lessons speaks to the issue of understanding what has and what has not worked as a guide for future planning. It will assess the performance of the project against planned results. The evaluation will assess the preliminary

indications of potential impact and sustainability of results including the contribution to capacity development and achievement of sustainable development goals. The results of the evaluation will draw lessons that will inform the key stakeholders of this evaluation who are the Government of Sierra Leone- through the Ministry of Youth Affairs (MOYA), the National Youth Commission (NAYCOM) and UNDP. The evaluation will generate knowledge from the implementation of the YEEP by the various implementing partners in collaboration with UNDP and the NAYCOM and reflect on challenges; lessons learnt and propose actionable recommendations for future programming.

- What factors contributed to implementation efficiency?

- Did project activities overlap and duplicate other similar interventions (funded nationally and/or by other donors? Are there more efficient ways and means of delivering more and better results (outputs and outcomes) with the available inputs?
