Subject: **Request for Deletion of CPD Outcome Evaluation from 2017-2021 Evaluation Plan**

Dear Daniela,

In 2020, the Independent Evaluation Office of UNDP conducted a comprehensive Independent Country Programme Evaluation (ICPE) that reviewed systematically the development results for all four outcomes of the 2017-2021 Country Programme Document (CPD). The issuance of a separate process for CPD outcome evaluation would be excessive. In line with UNDP Evaluation policy and consultations with the Regional Bureau this is a recommendation and request to delete the mentioned outcome evaluation from UNDP Montenegro 2017-2021 Evaluation Plan.

Thank you in advance.
