RBAP Internal Checklist for Quality Assurance of Decentralized Evaluations Workflow and Checklist

Currently in UNDP (including RBAP), only around 20% of the decentralized evaluations are found to be satisfactory. This trend is recurrent and stagnant for several years. See snapshot from 2019.

The aim of this checklist is to enhance quality assurance to improve the quality of decentralized evaluations in RBAP. To ensure that the TORs and the Evaluation Reports of Decentralized Evaluations are closely aligned with the Independent Evaluation Office (IEO) Quality Assessment criteria and the Evaluation guidelines, starting Q1 of 2021, the RBAP RBM Group* is proposing to Country Offices (CO) and the Regional Programme to complete the below proposed checklists, before any TORs or Final Reports can be uploaded in the ERC.

1. Workflow for finalizing and Uploading Final Evaluation Reports in ERC:

- CO/RP shares the DRAFT evaluation report along with the completed evaluation report checklist below.
- The draft evaluation report should follow the outline detailed in the Evaluation guidelines.
- CO/RP should NOT proceed to pay for the final evaluation unless it completes the checklist and most of the questions are answered positively.
- If the CO/RP foresees that there are certain elements in the evaluation that need support and revision, CO/RP can reach out to RBAP RBM Group* anytime during the evaluation cycle, and BEFORE acceptance of the draft report and final payment for the evaluation is made.
- BRH Evaluation FP will not approve the uploading of an evaluation report to the ERC website unless the checklist is completed and at least 80% of the answers of the checklist are answered positively.
- For CO the CO DRR and the CO RBM Focal Point should sign off the TOR checklist.
 For RP the Regional Programme Coordinator and the RP RBM Focal Point should sign off the TOR checklist.
