

RBAP Internal Checklist for Quality Assurance of Decentralized Evaluations Workflow and Checklist

Currently in UNDP (including RBAP), only around 20% of the decentralized evaluations are found to be satisfactory. This trend is recurrent and stagnant for several years. See snapshot from 2019.

The aim of this checklist is to enhance quality assurance to improve the quality of decentralized evaluations in RBAP. To ensure that the TORs and the Evaluation Reports of Decentralized Evaluations are closely aligned with the Independent Evaluation Office (IEO) [Quality Assessment criteria](#) and the [Evaluation guidelines](#), starting Q1 of 2021, the RBAP RBM Group* is proposing to Country Offices (CO) and the Regional Programme to complete the below proposed checklists, before any TORs or Final Reports can be uploaded in the ERC.

1. Workflow for uploading Terms of Reference in ERC:

- CO/RP prepares Decentralized Evaluations Terms of Reference;
 - Guidance and a [template for the TOR](#) are available in the evaluation guidance and should be followed.
 - Programme Teams or RBM CO FPs can reach out to BRH for guidance anytime.
- COs should share TORs with BRH FP **BEFORE** uploading to the ERC and consultants are hired, and ideally before TORs are advertised, to enable time for amendment if any issues need to be addressed.
- When the CO submits a TOR to be uploaded in ERC, the TOR checklist below needs to be completed and shared with BRH. The CO DRR or the RBM Focal Point should sign off the TOR checklist.
