**RECRUITMENT OF AN INTERNATIONAL CONSULTANT FOR EVALUATION OF THE CPD
OUTCOME FOR ENVIRONMENTAL MANAGEMENT**

An internal evaluation of applications received from national consultants for the evaluation of the CPD Outcome on *Sound Environmental Management for Sustainable Development*, found no qualifying consultant to undertake the assignment.

It is therefore proposed to extend the deadline for the evaluation and applications to enable us to solicit applications from international consultants. In order to avoid further delay, the ERC roster will be utilized to identify qualifying and most relevant consultants, for shortlisting. The deadline for submission of the Evaluation Report for this outcome is 30th December 2016.
