Dear Resident Representative,

RE: Authorization to engage with a Responsible Party

In reference to the Project 00118129- Promoting Gender Accountability in the Private sector in Rwanda signed between the Government of Rwanda and the United Nations Development Programme (UNDP) for the period 01 January 2019-30 June 2023, I hereby confirm that the Rwanda Private Sector Federation (PSF) is a trusted partner of the Gender Monitoring Office in the promotion of gender accountability in the private sector in general, and the implementation of the gender equality seal initiative in particular.

As a partner in the implementation of the newly signed Gender Accountability in the Private Sector project document, we look forward to working in close collaboration with the Rwanda Private Sector Federation, in particular for the capacity building of the members of the private sector in gender equality and gender analysis as well as advocating for gender equality and gender accountability.

In this respect, and in line with the approved project document and multi-year work plan, we hereby authorize UNDP to formally sign a responsible party agreement with the Rwanda Private Sector Federation for the implementation of the above-mentioned activities.

Please accept the assurances of my highest consideration.

Sincerely,
