Solution pathways

Outcomes

To help countries achieve the 2030 Agenda across diverse development situations by eradicating poverty in all its forms, accelerating structural transformations for sustainable development, and building resilience to crises and shocks.

- 1  Deficits in SDGs planning, monitoring, budgeting and financing
- 2  Silo driven approaches
- 3  Slow adoption of innovation and technology
- 4  Lack of data for many SDG indicators
- 5  High urban unemployment among youth and other marginalized groups
- 6  Lack of private sector and informal sector engagement on SDGs
- 7  High levels of income and social inequality, especially in urban areas
- 8  Increasing political extremism
- 9  Lack of women leadership and empowerment
- 10  Weak accountability and transparency
- 11  Corruption at various levels of government
- 12  Low adoption of green technology/energy
- 13  Lack of intellectual leadership and action-oriented platforms for SDGs
- 14  Over exploitation of natural resources
- 15  Weak regulatory frameworks and enforcement
- 16  Lack of voice of marginalized groups in political decision-making
- 17  Lack of capacity to respond to unexpected disasters and shocks
- 18  Lack of access to justice

Keeping people out of poverty and supporting an inclusive and sustainable urban transition

- 1  2  3  4 
 5  6  7  13 

Strengthen effective, accountable and inclusive governance

- 2  6  7  8 
 9  10  11  16  18 

Enhance prevention and recovery for resilient societies

- 2  4  15  17 

Promote nature-based solutions for a sustainable planet

- 2  6  14  15 

Close the clean energy gap

- 6  12  14 

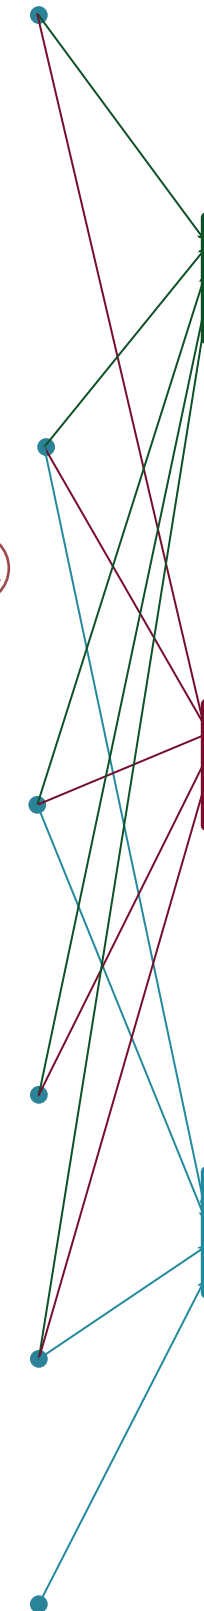

Strengthen gender equality

- 4  7  9  16 

Advance poverty eradiction in all its forms and dimensions

Accelerate structural transformations for sustainable development

Build resilience to shocks and crises

Enablers:

Development finance

Multi-Stakeholder Platforms

Innovation

Delivering as One UN (working with other UN's regional offices)

Working with sub-regional bodies (i.e. ASEAN, SAARC, PIFS)

Thought leadership

Partnerships (private sector)

S-S and triangular cooperation
