3. The participants agreed that the pilot projects were successful and could be replicated and up-scaled. For example the MoA plan to build on the success story of its pilots and included this in a new project proposal which was submitted to GCF through IFAD as an accredited Agency to GCF.
4. The pilots implemented by PENRA and MoA were successful and have a high potential for up scaling and replication.
5. The implementation of the MOT pilot project started very successful and promising, this was followed by lack of progress and limited deliverables.
6. EQA will send letters to MOA, PWA, PEnRA and MoT requesting update on the pilot projects.
