WELCOME TO OUR NEW ACCELERATOR LAB OFFICERS

Guinea-Bissau

Isa Bergh Lopes da Costa Head of Experimentation

Isa, originally from Guinea-Bissau, has 4 years of experience. She has experience as architect in community projects in Guinea-Bissau. Recently she worked with UNICEF WASH Section in Bissau where she collaborated with ministries, and local and international partners. Also, she worked as architect of a project aiming to support quality education of girls in Guinea-Bissau. Isa holds a Master of Science from Royal Institute of Technology.

Victor Manuel Pereira Head of Exploration

Victor is from Guinea-Bissau and has 9 years of experience in monitoring and evaluation and data management. He has been working with UNDP for the past 6 years as a Monitoring and Evaluation Analyst for the Global Fund Projects. Before that, he worked with the National Institute of Health as Epidemiologist. Victor holds a Master of Science from University of Lisbon.

Ana Dju Head of Solution Mapping

Ana is a dedicated human rights advocate with a passion for sustainable community development. She holds an LLB in Law with International relations from the University of Portsmouth and an MSc in African Politics from the School of Oriental and African Studies (SOAS). She has committed the past six years to her social enterprise Djú&Có, as well as independent volunteering for community development in Guinea-Bissau, Kenya, Tanzania and Madagascar. In her spare time she enjoys travelling, listening to music and reading.

The Accelerator Lab officers will be collaborating with all units/clusters to find innovative and grass root solutions to national development challenges.

The Accelerator Lab is a set of services we offer to better tackle complex challenges
