

ANNEX B. FULLY-COSTED EVALUATION PLAN – TRINIDAD AND TOBAGO 2022-2026

The Multi-Country Office recognizes the importance of monitoring and evaluation in programme management. In its attempt to assess programmatic effectiveness the MCO has developed an evaluation plan for the period 2022-2026, focusing on the MSDF areas of i) *“Equality and Well-being”* and ii) *“Resilience to Climate Change and Sustainable Resource Management”*. The choice of evaluations to be conducted within the period were chosen based on relevance to the attainment of Country Programme Document (CPD) outcomes, available funding, and whether the projects fell within the criteria for mandatory evaluations. It should be noted that the list of planned evaluations as presented below will not be limited to those identified in plan. The MCO will reserve the right to append additional evaluations to the plan over the course of the CPD period if other evaluations arise due to pipeline projects coming to fruition. As an NCC Country Office with limited dedicated resources available for the purpose of monitoring and evaluation, the MCO has decided, at this time, to omit from the evaluation plan any thematic or outcome evaluations. However, the MCO will reconsider this decision if over the course of the 2022-2026 programmatic period funding sources become available that would allow for a comprehensive outcome evaluation.

UNDAF (or equivalent) Outcome	UNDP Strategic Plan Outcome	Evaluation Title	Partners (joint evaluation)	Evaluation commissioned by (if not UNDP)	Type of evaluation	Planned Evaluation Completion Date	Estimated Cost	Provisional Source of Funding
MSDF Area: People- Equality and well-being (Leave No One Behind)	Outcome 2. Accelerate Structural Transformations for Sustainable Development	Project Evaluation: Building a Nation: Sint Maarten NDP and Institutional Strengthening	Ministry of General Affairs, Department of Interior and Kingdom Relations (BAK)	UNDP	Project Evaluation	November 2022	USD15,000	Office M&E Budget
MSDF Area: Planet- Resilience to Climate Change and Sustainable National Resource Management	Outcome 2. Accelerate Structural Transformations for Sustainable Development	Project Evaluation: Global Climate Change Alliance +	Ministry of Planning and Development; Ministry of Energy and Energy Industries	UNDP	Project Evaluation	June 2023	USD25,000	Project budget
MSDF Area: Planet- Resilience to Climate Change and Sustainable National Resource Management	Outcome 2. Accelerate Structural Transformations for Sustainable Development	Mid-term Project Evaluation: Aruba SISSTEMS Faculty Initiative	Department of Economic Affairs, Commerce and Industry; Department of Public Works; Monuments Bureau of Aruba; University of Aruba	UNDP	Project Evaluation	August 2022	USD12,000	Project budget
MSDF Area: Planet- Resilience to Climate Change and Sustainable National Resource Management	Outcome 2. Accelerate Structural Transformations for Sustainable Development	Final Project Evaluation: Aruba SISSTEMS Faculty Initiative	Department of Economic Affairs, Commerce and Industry; Department of Public Works; Monuments Bureau of Aruba; University of Aruba	UNDP	Project Evaluation	September 2024	USD12,000	Project budget

MSDF Area: Planet- Resilience to Climate Change and Sustainable National Resource Management	Outcome 2. Accelerate Structural Transformations for Sustainable Development	Final Project Evaluation: Energy Efficiency through the Development of Low Carbon RAC Technologies in Trinidad and Tobago (GEF 6)	Ministry of Planning and Development	UNDP	Project Evaluation	June 2025	USD25,000	Project budget
MSDF Area: Planet- Resilience to Climate Change and Sustainable National Resource Management	Outcome 3. Strengthen Resilience to Shocks and Crises	Final Project Evaluation: Community Flood Early Warning System (CFEWS) project	Office of Disaster Preparedness and Management;	UNDP	Project Evaluation	June 2024	USD10,000	Project budget
